

The M. Leith Shackel '29 Internship Endowment Fund

Summer 2009 Recipients

Carleton is pleased to announce the fourth year of the M. Leith Shackel Internship Endowment Fund. The Shackel Internship Find is intended to provide stipends to first year, sophomore, and junior students who pursue unpaid or low pay summer internships.

Taimur Khan '11

Taimur Khan '11 will be joining the **Tameer Microfinance Bank** as an **Intern in the Financial Control Department**. The Tameer Bank is concerned with empowering the economically active poor of Pakistan through microloans, and building microfinance as a viable commercial activity. After two weeks of valuable orientation on the workings of microfinance, Taimur will begin a month of research on the cost of "grass root" level banking services, in the hopes of making improvements that can be passed on to the customers. Taimur is excited to experience this process, and make steps towards a career involved in developmental economics.

Elizabeth Camlin '10

Elizabeth Camlin '10 will be spending her summer at the **International Institute of Boston (IIB)** as a **Case Management Assistant Intern**. Since 1924, the IIB has served immigrants, refugees and asylees to make as seamless a transition as possible into a new life in America. Ellie will be an essential participant in that process, by helping arriving refugees set-up and furnish apartments, become familiar with local transportation, and even register for health insurance, school, driver's licenses, and other services. After a successful internship last year with ANERA (American Near East Refugee Aid), Ellie will continue her commitment to peace in her new position.
