It is the responsibility of the student to plan an academic program that meets the requirements of the concentration and to have the program approved by the concentration coordinator. If a student decides not to complete a concentration that has been approved, he/she should inform the concentration coordinator and process a second form in order to drop the concentration. Seniors who do not successfully complete concentration course requirements by the end of the twelfth term are dropped from the concentration (may not transfer in remaining requirements). Signatures of the coordinator and student are required to drop a concentration.

Concentration Coordinator’s Approval

Major Adviser’s Approval

Student’s Signature

Concentrations may be declared no later than the end of the student’s eighth term.
