

May 2009

Dear Carleton Parents,

It is with eager anticipation that we prepare to welcome your student to Carleton in the fall. This is an exciting time for you and your student and we are prepared to assist with the success of your Carleton experience. This mailing includes information that will benefit parents and provide more information about the College as a whole. This is the second of three coordinated paper mailings you and your student will receive from Carleton over the summer - this is ***Mailing #2, "Information for Parents"***.

Mailing #2 includes the following insertions which should be reviewed and acted upon as needed.

Parents Advisory Council letter
New Regional Bus Service Information – Northfield Lines

In the first mailing, your son/daughter received a ***Mailing Checklist***, which lists everything that will be included in the three mailings, along with many valuable links. This checklist can also be found on the New Student Website, at [www/carleton.edu/student/new](http://www.carleton.edu/student/new).

Your student will receive weekly emails from the Dean of Students office on Mondays during the summer with important and time-sensitive information. If the college has your email address on record, you will automatically receive a courtesy copy of these emails sent to your student. To provide current contact information, please visit:

https://apps.carleton.edu/parents/address_form/

We are looking forward to another exciting year at Carleton. See you in the fall!

Sincerely,

Hudlin Wagner
Vice President for Student Development
& Dean of Students
