

# Don't Get Charged!!! Debunk Your Bed and Reset it to the Correct Height!

Beds with slotted frames should be set 19 inches above the floor or on the 5<sup>th</sup> or 6<sup>th</sup> slot.

Beds with holes and bolts should be set 16 inches above the floor or on the 1<sup>st</sup> or 2<sup>nd</sup> hole. (A wrench is needed to adjust this type of bed.)

NOTE: Bed pins should be put in the top dresser drawer.
