

CARLETON COLLEGE
Office of Residential Life

SUBSTANCE-FREE AREA AGREEMENT

Substance-Free Area Purpose

Substance-Free Areas are available for students who desire to live in an environment that is substance free. Students living in a substance free area agree that neither they nor their guests will use or possess alcohol, non-prescription drugs, or tobacco products on the floor. They also agree that if they use such substances outside of the Substance Free Living Area their behavior upon their return will not have a negative impact upon residents or property.

Substance-Free Area Guidelines

The possession or use of alcohol, controlled substances and tobacco products by residents or their guests is prohibited in student rooms and public spaces in Substance-Free Areas. If residents or their guests choose to use such substances outside of the Substance-Free Area, the results of that choice must not have a negative impact upon residents or property upon return to the Substance-Free Area. Residents are responsible for the behavior of their guests. Substance Free Areas are:

Fourth Burton
Second Cassat
Fourth Davis

Second Goodhue
Second Musser
Second Myers

Third Nourse
Rice House
Second Watson

Consequences of Violating Guidelines

Non-compliance with the stated Substance-Free Area Agreement at any time during the year may result in the loss of substance-free housing and reassignment into other available college housing.
