

General:

Meeting times/days - we are still trying to find a meeting time for this term that will accommodate as many people as possible. The options that we have so far are [either Tuesdays or Thursdays at 8pm](#).
**Reply to this email to let me know if you prefer one day over the other or if you prefer a different day/time.*

Board Elections for next year - if you are interested in running for a board position next term, please email Yana (antonioy) your platform by the [end of 5th week](#). We will email board member descriptions soon!

Volunteer/shadowing Opportunities:

Laura Baker Foundation Volunteering - The Laura Baker Foundation (which provides services for people with developmental disabilities) needs volunteers [next week Saturday \(April 17th\) from 10am](#) for a karaoke and choir performance they are putting together. We will send out an email as the date gets closer about a meeting place so that we can walk over to the foundation together. Our last volunteer experience with the Laura Baker Foundation was such a success, please help make this one just as great!

HealthFinders Fundraiser/Shadowing Program - HealthFinders has gotten back to us and it looks like they have doctors for us to shadow! If you signed up for this program and are willing to make a commitment to the shadowing experience, please come to a meeting[tomorrow \(Wednesday\) evening from 9:30-10pm in Stimson House](#) with your fundraising ideas!

Allina Clinic/Northfield Hospital Tour - sometime [between 3rd and 5th week](#) we will have an opportunity to take tours and possibly shadow doctors at both the Allina Clinic and Northfield Hospital. **If you weren't at the meeting [tonight](#) but are interested, reply to this email and let me know.*

Future events to look forward to this term:

"Planning Ahead" Forum - we are working on getting together a panel of MSPC seniors to lead a forum/workshop to help underclassmen

work out a schedule for all four years at Carleton. Being pre-med/health students it can be difficult to make sure that you are completing all your requirements for med school (or other graduate schools) as well as distributions required for graduation. Working out a schedule will help you make sure you get those completed as well as help you fit in all the other classes you want to take!

"How to make your summer productive!" Forum - we are also working on putting together a forum to help those who don't have any summer plans yet find fun/productive things to do!

If you have any input for these forums (things you would like to see get covered) or are interested in being a part of these forums, reply to this email and let me know!

That was it for this meeting, have a great rest of the week!
Your MSPC Board
