Hello Carleton Class of 2007!

The Earth keeps spinning, and our Carleton family has been spinning with it – in many beautiful and interesting directions. We have circled the sun nearly ten times since our graduation, and I hope we can celebrate that passage of time by coming together and sharing our lives with the vibrant community that helped shape us. Each one of you was an important part of that community, and we hope you will join us in sharing remembrances as we continue to shape our futures and the future of this planet.

Our 10th Reunion will take place June 15-18, 2017, and there are some excellent ways we can prepare in the interim.

- Start by checking out our class page at www.go.carleton.edu/2007! View our Zoobook and Algol, donate to our Class Gift, and let everyone know what you are up to with the Bio Book.

- Keep up with things and share your excitement on our class Facebook page (Carleton Class of 2007). We will be updating it with Reunion details as they are finalized.

- Get in touch with your Carleton friends! After looking through the Zoobook, shoot a message to people you haven’t heard from in a while, and make plans to reconnect at Reunion. We had over 50% of the class at our 5th Reunion(!) and are aiming for that again.

- If you are able, please consider making a donation towards our Class Gift as a thank you for Carleton’s role in making the world a better and more thoughtful place. We owe a lot of what we have to our formative years there, and giving back is the least we can do.

- Last and certainly not least, BOOK YOUR TICKET TO NORTHFIELD! We want to see you, and we are putting together an awesome set of activities to celebrate and rejuvenate our connections to this wonderful place.

Whether you plan to arrive by plane, train, car, bicycle, VW bus, or on foot, we are ready to welcome you with housing, food, drink, and good company. I hope all is well with each of you and look forward to seeing you next June!

All the best,

Reuben Woodruff
(on behalf of your 10th Year Reunion Committee)
