A substantial portion of Carleton students utilize the Prefect Program

- Prefects were assigned to 23 natural science, social science, math and computer science courses and held over 385 sessions
- On average, a prefect held 16 sessions
- Over 500 students attended a prefect session
- Approximately 71% of students enrolled in a course with a prefect attended at least one prefect session. Around 10% of students attended at least half of the offered prefect sessions
- On average, a student enrolled in a prefect-supported course attended around 3.2 sessions. For students who attended at least one session, the average was around 4.4 sessions
- The average prefect session had 6.8 students, around 20% of the class in attendance

Students of all class years worked with prefects

- 46% of all students attending a prefect session were first-year students, 28% were sophomores, 21% were juniors, and 5% were seniors
- 75% of first-year students, 65% of sophomores, 77% of juniors, and 60% of seniors enrolled in a prefect-supported course attended at least one session
- On average, first-year students attended 3.9 sessions, sophomores attended 2.4 sessions, juniors attended 3 sessions, and seniors attended 2.1 sessions

Students met with prefects for introductory and advanced level natural science, social science, math, and computer science courses

- 68% of students taking a natural science course, 73% of students taking a social science course, and 81% of students taking a mathematics/computer science course attended at least one prefect session
- 70% of students in an introductory (100-level) course attended at least one session. 75% of students in an advanced (200-level) course attended at least one session
- The average math/computer science prefect session had 27% of class in attendance. The average natural science prefect session had 19% of class in attendance and the average social science prefect session had 17% of class in attendance
- The average introductory class had 21% of class in attendance. For advanced classes, the average session had 17% of class in attendance

Students who attended the first prefect session attended more future sessions

- 16% of students attended their prefect’s first session
- Students who attended the first prefect session attended on average 7.7 sessions. Students who did not attend the first session attended on average 2.3 sessions

Both males and females attended sessions

- 71% of females attended at least one prefect session, while 72% of males attended at least one prefect session
- Females attended on average 3.3 prefect sessions, and males attended on average 2.9 prefect sessions
Composition of Students who Attended at Least one Prefect Session

- First-Year: 46%
- Sophomore: 28%
- Junior: 21%
- Senior: 5%

Percent of Students who Attended at Least One Prefect Session by Class Year

- First-Year: 80%
- Sophomore: 60%
- Junior: 100%
- Senior: 40%
