If you have a new health insurance plan or insurance policy beginning on or after September 23, 2010, the following preventive services must be covered without your having to pay a copayment or co-insurance or meet your deductible. This applies only when services are delivered by a network provider. If any Preventive Service benefit is subject to the mandated benefits required by state law, it will be administered under the federal or state guideline, whichever is more favorable to the insured.

Covered Preventive Services for Adults
- Abdominal Aortic Aneurysm one-time screening for men of specified ages who have ever smoked
- Alcohol Misuse screening and counseling
- Aspirin use for men and women of certain ages
