::Riddle of the Day::
A farmer is trying to cross a river. He is taking with him a rabbit, carrots and a fox, and he has a small raft. He can only bring 1 item a time across the river because his raft can only fit either the rabbit, the carrots or the fox. How does he cross the river. (You can assume that the fox does not eat the rabbit if the man is present, you can also assume that the fox and the rabbit are not trying to escape and run away)

Tuesday, November 17

::Riddle Answer::
You go in through one hole, you come out through three holes. Once you’re inside you’re ready to go outside, but once you’re outside you’re still inside. What is it?

Answer: A sweater!

::Random Food Facts::
Chewing gum while peeling onions will keep you from crying!

Coca Cola was originally green.
