::Riddle Answer::

The captain of a ship was telling this interesting story: "We traveled the sea far and wide. At one time, two of my sailors were standing on opposite sides of the ship. One was looking west and the other one east. And at the same time, they could see each other clearly."
How can that be possible?

Answer: They were standing on opposite sides of the ship facing each other

::Riddle of the Day::

You are on your way to visit your Grandma, who lives at the end of the valley. It's her birthday, and you want to give her the cakes you've made.

Between your house and her house, you have to cross 7 bridges, and as it goes in the land of make believe, there is a troll under every bridge! Each troll, quite rightly, insists that you pay a troll toll. Before you can cross their bridge, you have to give them half of the cakes you are carrying, but as they are kind trolls, they each give you back a single cake.

How many cakes do you have to leave home with to make sure that you arrive at Grandma's with exactly 2 cakes?

Maximizing Your Winter Break: Guide to Networking

The Career Center held a networking event called, “Maximizing Your Winter Break: Guide to Networking”, last Thursday.

The first activity of the event was networking bingo, where participants were handed bingo cards that had career related questions that prompted them to interact with other students.

After that activity, the students were divided into three groups in order to navigate how best to reach out to Carleton alumni. Each student explored how to use the alumni directory. We also showed the students the career guide profiles, which are profiles of Carleton alumni who especially eager to interact with students. After this, we guided the students through the process and etiquette of sending emails to the alumni.

In case you missed the event, here are some tips that would help you network over break!

1. Browse the career profiles to get a better idea of who you want to contact.
2. Be professional and polite in your interactions with the alumni.
3. Do not ask the alumni for internships or jobs!

Reminder, the Career Center is open all throughout winter break. If you would like to have your resume or cover letter reviewed, or if you have interviewing questions, or other questions, please reach out!

So you wanted to know more about self-scheduled examinations?

Read on. If you have other questions, contact the Registrar's Office.

What is a self-scheduled final exam?

- Each course that has a non-take home final examination has been assigned an exam slot during finals week. See the Registrar's web site for a list of final exam slots. However, some faculty have also designated their final examinations as either optional or mandatory self-schedulable. If a final examination is self-schedulable, this means that a student may decide to take the final exam during *any* of the ten final exam slots.

How do I sign up for a self-scheduled final exam?

- If the instructor is offering the course as an optional self-scheduled exam, during the last week of classes, inform your instructor that you intend to self-schedule your final in his/her course. Your instructor will notify the Registrar of your intent by providing that office with an individually labeled examination envelope containing your examination.
- If the instructor is only offering the exam as a self-scheduled exam, you do not need to sign up, the instructor will provide the Registrar's Office with your examination.

Where do I go to take a self-scheduled final exam?

- Report to the Concert Hall lobby.

When do I go to take a self-scheduled final exam?

- Report to the Concert Hall Lobby at least 15 minutes prior to the time slot during which you wish to take your self-scheduled exam. See the back of the Schedule of Classes for a list of final exam slots.
- There will be limited space available for self-scheduled final exams. Exam seats will be assigned on a first-come first-serve basis.

Then what?

- Present your picture ID (required) at the exam distribution table to receive your examination envelope.
- You will be directed to your examination room. You may bring no materials with you to your seat, except pencils or pens and your examination envelope. You may also bring a calculator to a calculator-aided exam.
- The room supervisor will tell you when you may open your examination envelope to begin testing. No envelope may be opened prior to this announcement.
- The room supervisor will tell you when the exam period is over. You must stop writing when so directed and follow the supervisor's directions for turning in your completed examination. Exams will not be accepted from students under any other conditions. If the room is crowded, you might not be allowed to leave the room prior to the end of the exam period; proctors will inform you of any such restriction at the beginning of the exam.

What if I change my mind?

- Once you have picked up your examination envelope from the distribution site, you will not be allowed to back out of taking your examination.
- Anytime prior to picking up your examination envelope, you may opt to take the regularly scheduled exam unless the instructor is only offering the exam as a self-scheduled exam (and provided it has not already been given). Simply report to your regularly scheduled exam room at the appropriate time. Do not pick up your examination at the distribution site.

What about academic honesty?

- To avoid even the appearance of academic dishonesty, don't talk about exams at all until after the last exam is over!!! For example if someone asks you, "How was the test?" the only appropriate answer is "I can't talk about the exam, sorry!"
