Student Profiles

Cultivate your online presence. Connect with alumni working in your career areas of interest. Make an impression on members of the Carleton community. Learn about the skills and experiences necessary to succeed in the working world, according to alumni.

Your Student Profile is your link between your life at Carleton and your life after Carleton. It’s a space that’s open only to members of the Carleton community (students, faculty, staff, and alumni) where you can keep track of your experience and skills, build a professional online presence, and connect with others. Before applying to Carleton programs or reaching out to alumni, update your profile – people are looking at it! To learn more about pursuing career areas that interest you, search alumni profiles and read about the journeys of alumni who have succeeded in those same fields.
