NOON NEWS BULLETIN

Riddle of the Day

AT A FUNERAL, A MAN SAYS, “BROTHERS AND SISTERS, I HAVE NONE. THE DEAD MAN’S FATHER IS MY FATHER’S SON.” WHO IS THE MAN?

ANSWER IN MONDAY’S NNB

Wednesday’s Riddle:

A FAST FOOD RESTAURANT SELLS CHICKEN IN ORDERS OF 6, 9, AND 20.
WHAT IS THE LARGEST NUMBER OF PIECES OF CHICKEN YOU CANNOT ORDER FROM THIS RESTAURANT?

Answer: After 6, all numbers divisible by 3 can be ordered (because they can all be expressed as a sum of 6’s and 9’s). After 26, all numbers divisible by three, when subtracted by 20, can be ordered. After 46, all numbers divisible by three, when subtracted by 40, can be ordered. After 46, all numbers fit into one of these 3 categories, so all numbers can be ordered. 43 is the last number that doesn’t fall into one of these categories. (44 = 20 + 6 * 4, 45 = 6 * 6 + 9).
