Become a Student Career Assistant!

You can make a difference in the lives of Carleton students in a fun and fast-paced environment. The Career Center helps students explore the wide range of opportunities available as they prepare for life after Carleton, and Student Career Assistants play an integral role in this process. SCAs also develop a wide range of transferable skills and gain first-hand access to – and expertise in – the Career Center’s many resources. Applications for both SCA positions are now open on the Tunnel, and the deadline to apply is Friday, March 10. If you have questions or are interested in more info about becoming an SCA, contact Gabe at gbaerla@carleton.edu.

Career Tracks

You probably know that creating your resume and getting an internship will contribute to a meaningful life after Carleton, but when should you get started? ...and what else should you be doing? ...and how? Career Tracks makes progressing your career development from your first year through your senior year easy – whether you know what you want or not – and does it on your time.

Get started:
Visit go.carleton.edu/career and click on Career Tracks. Click on the different pieces of the activity wheel, browse the listed activities, and start thinking about what you’ve already done – and what you hope to do next.

How it works:
• Select what you want to do first, and click on that slice.
• Explore the options to Read, Talk, and Do.
• Add an activity to your Plan or mark that you completed it.
• Bask in all you’ve done by clicking on the Achievements tab.

Do this all while proving to the world that you are not a slacker. When a friend or family member asks, “What are you going to do with that major?” just show them your Career Tracks.

Global Engagement after Carleton
Thursday, March 30, 4:45 p.m. – 6:00 p.m.
Gould Library Athenaeum
Join Carleton alumni as they discuss incorporating global perspectives into their career paths. Panelists have built careers that include teaching English as a foreign language, research, academia, medicine, public health, and translation. Panelists are Elisa Morrison Koshkina ’97 (Russian), Ian Merkel ’10 (French), and Peter Olds, MD ’08 (biology). This event is sponsored by the Global Engagement Initiative.
