Monday's Riddle
Before any changes, I'm a spice.
My first is altered and I'm a hand-warming device.
My second is changed and I'm trees in full bloom.
The next letter change makes a deathly old tomb.
Change the fourth to make a fruit of the vine.
Change the last for a chart plotted with lines.
What am I?

Answers: clove, glove, grove, grave, grape, graph.

FRIDAY @ 9PM
RAIN PLAN: WEITZ CINEMA

**Thursday, May 25**
- 11:00 a.m. – U.S. Army Visit

**Still Searching?** You’re not alone! There are hundreds of full-time job and summer job and internship postings live on the Tunnel and the Liberal Arts Career Network. SCAs and career counselors are available for walk-ins every day to help you with the job search from start to finish. You can also adjust your Tunnel profile to receive e-mails tailored to your career field and geographic preferences. Log in to the Tunnel or stop by to get started. Take a look at just a few of many available job and internship opportunities for Carleton students below:

---

**Tips & Tricks for a Better LinkedIn Profile**

Before you start your summer job or internship, or take that first leap into a post-grad position, make sure your LinkedIn profile is in good shape so that you’re ready to connect with the new colleagues you will meet.

**Photo:** A professional photo is a must, but it’s okay to get creative. Put on your best shirt, have one friend hold a white sheet behind you, and have another friend snap a photo. You’ll be good to go!

**Summary:** It can be hard to talk about yourself, but a one- to two-paragraph summary at the top of your profile will allow others to get to know the basics about you in a quick, easy, and memorable way.

**Recommendations:** Even just one recommendation can make you stand out. Consider asking work supervisors (rather than co-workers or friends) if they would consider recommending you on LinkedIn.

---

**Science Research Opportunities**

Are you looking to put your scientific knowledge to work making a practical difference in the health and environmental fields? Are you interested in a career with an industry leader that supports professional development? Pace Analytical provides opportunities for new grads to experienced professionals who want to use their skills to deliver quality services to our customers. Stop by and talk with Kasey Johnson, a scientific recruiter at Pace Analytical. She will be tabling from 11:30 a.m. – 1:30 p.m. on Thursday, May 18 in the Sayles-Hill Great Space. Opportunities are available in AL, CA, MN, IN, NC, NY, OH, TX, and WI.

---

**Digital Marketing Opportunities**

Kiersten Stoeckel ’15 encourages Carleton students to apply to one of three full time paid summer internships at Nina Hale, Inc., a digital marketing firm in Minneapolis.

- **Account Management Intern** (for seniors)
- **Paid Media Intern** (for any class year)
- **Content SEO Intern** (for juniors & seniors)

The positions are open until filled. If you have questions about any of these positions, please reach out to Kiersten at: kiersten.stoeckel@ninahale.com.

---

**... and More!**

Visit the Career Center website for access to job and internship search resources. Many of these resources are available to you exclusively with your Carleton login credentials.

---

**GoinGlobal**

Use GoinGlobal to find international job and internship opportunities.

---

**LACN and NIC**

LACN and NIC are like the Tunnel, but even more comprehensive. Come see us to learn more!
