Not sure what’s next?

You’re not alone! There are hundreds of full-time job and summer job and internship postings live on the Tunnel – and elsewhere. SCAs and career counselors are available for walk-ins every week day and school night to help you with the job search from start to finish. You can also adjust your Tunnel profile to receive e-mails tailored to your career field and geographic preferences. Log in to the Tunnel or stop by to get started! You can also visit the Career Center website for access to job and internship search resources. Many of these resources – including GoinGlobal, the Liberal Arts Career Network (LACN), and the Nationwide Internships Consortium (NIC) – are available to you exclusively with your Carleton login credentials.

What can the Career Center help you accomplish?

As the school year winds down and summer nears, take a few moments to review Career Center resources available to you as a student. Career counselors are here all summer long, and summer is a great time to improve your career materials, grow your online presence, and prepare for career next steps. All of these services – and more! – are available in person or via phone, Skype, and Google Hangouts:

• Resume and cover letter creation and review
• LinkedIn profile creation and review; networking tips and techniques
• Practice job and internship interviews (a great idea even if you don’t have an interview scheduled at the time)
• “What do I want to do with my life?!” conversations
• Job and internship search techniques and preparation
• Informational interview guidelines and preparation
• Just a chat about whatever’s on your mind!

Cultivate your online presence. Connect with alumni working in your career areas of interest. Make an impression on members of the Carleton community. Learn about the skills and experiences necessary to succeed in the working world, according to alumni.

Your Student Profile is your link between your life at Carleton and your life after Carleton. It’s a space that’s open only to members of the Carleton community (students, faculty, staff, and alumni) where you can keep track of your experience and skills, build a professional online presence, and connect with others. Before applying to Carleton programs or reaching out to alumni, update your profile – people are looking at it! To learn more about pursuing career areas that interest you, search alumni profiles and read about the journeys of alumni who have succeeded in those same fields.

To create or edit your profile: apps.carleton.edu/profiles/me.
