Summer Internship Funding Application

If you have secured an unpaid or underpaid summer internship, you have the opportunity to apply for funding to make the experience possible. A number of generous Carls – alumni and parents – have contributed significant resources to provide students with diverse opportunities to learn and gain professional experience through internships; these funds are competitively awarded each year. To be considered for summer internship funding, apply by February 7 (early deadline) or April 4 (late deadline). You may submit your application materials for either review period. With questions about summer internship funding, contact Rachel (rleatham@carleton.edu).

Visit apps.carleton.edu/career/students/internships to access the application and learn more about the process.
