SAVE THE DATE: BIOMEDICAL AND LAW SCHOLARS!

Carleton’s Scholars program is an experiential learning opportunity for students to explore career options, make connections with alumni, and hone networking and professionalism skills. It introduces approximately 15 students to a specific industry area by incorporating a career readiness component leading up to an on-campus symposium, site visits to a variety of companies/organizations, and alumni networking event during spring break. This year’s Scholars will focus on biomedical research (first-years through juniors) and law (juniors and seniors). Applications open in January. To learn more, visit go.carleton.edu/career or stop by the Career Center.

Interested in law school?

If you’re considering careers in law, you have the chance to attend multiple law school information sessions at Carleton next week. To learn more about law school, make an appointment on the Tunnel with Carleton’s pre-law advisor Laura Clemens.

**Columbia Law School Information Session**

**Wednesday, November 7, 4:30 – 5:30 p.m.**

Applying to law school is an exciting experience, but distinguishing among law schools can be overwhelming. We invite you to a special information session to speak with a law school admissions recruiter at Columbia Law School about the application components, admissions process, curriculum, student life, and the many resources available to you at the Law School as you navigate your way through a legal education. There will be a presentation followed by Q&A, and all class years and majors are welcome.

**University of Michigan Law School & University of Chicago Law School Visit**

**Thursday, November 8, 12:00 – 1:00 p.m. | Willis 203**

Join admissions deans Sarah Zearfoss P’16 (University of Michigan Law School) and Ann Perry (University of Chicago Law School) for an information session in which they will cover all aspects of the law school admissions process, and field any questions about admissions, law school decision-making, and their respective schools. Between them, they have about 40 years of experience in admissions and have reviewed a couple hundred thousand applications, so they’ll have answers. And both are big fans of Carls. Pizza provided, RSVP via the Tunnel.
