⇒ The Boren Scholarship, an initiative of the National Security Education Program, provides U.S. citizens the chance to study less commonly taught languages in world regions critical to U.S. interests, and underrepresented in study abroad, including Africa, Asia, Central and Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded.

⇒ Scholars represent a vital pool of highly motivated individuals who wish to work in the federal national security arena. In exchange for funding, Boren Scholars commit to working in the federal government for at least one year after graduation.

⇒ The Scholarship provides up to $20,000 for a full year of language study, $10,000 for a semester of language study, or $8,000 for a summer language program (only STEM students may be funded for a summer language program of at least 8 weeks’ duration).

⇒ The Scholarship promotes long-term linguistic and cultural immersion, and therefore study abroad proposals for two or more semesters are strongly encouraged. Preference will be given to undergraduate applicants proposing at least 6 months overseas.

The Scholars Program

SAVE THE DATE: The Scholars Program is a fantastic (and free!) opportunity for students in all majors to engage in targeted career preparation and industry exploration. With a cohort of classmates, build networking, etiquette, and professionalism skills throughout winter term. Then, spend spring break on site visits to learn more about an industry area you are interested in exploring.

PUBLIC POLICY IN WASHINGTON, D.C. – open to sophomores and juniors
SUSTAINABILITY IN THE TWIN CITIES – open to all students

Applications open in January. Submit your application via the Tunnel by February 1, 2018. Questions? Stop by the Career Center, or contact Sarah Wolfe at swolfe@carleton.edu.
