**TEACH FOR AMERICA**

Education transforms lives. All kids can succeed when they get a great education.

Educational opportunities should not be determined by your family’s income or the neighborhood in which you live. That’s why Teach For America is helping to develop a movement of leaders who will help drive change at every level of our education system toward the goal of closing the opportunity gap. These leaders start their paths as corps members who teach for at least two years in urban and rural high-need communities and help students make the academic progress that expands their opportunities. Deeply affected by their teaching experience, Teach For America alumni continue to advocate for students and build lasting change in many different roles and fields.

**Teach For America Application Deadlines:**
- December 1 – Application Deadline: Pre-K-12 Teacher and Leader (seniors only can apply)
