::Random Fact::
Upper and lower case letters are named “upper” and “lower” because in the time when all original print had to be set in individual letters, the upper case letters were stored in the case on top of the case that stored the lower case letters.

**Campus Drivers Needed!**

We are currently looking for campus drivers to help us out with the following opportunities:

- **Mondays and Wednesdays from 3-4:30pm** we need a driver to take a group of volunteers to the Northfield High School for TORCH Homework Help. TORCH is a college access and academic support program for students who are from a low-income background, students of color, or first generation in their family to go to college. Tutors work with students in a wide variety of subjects in a relaxed open session. Contact Rachel Clark at clarkr if you’re willing to drive one or both days.

- **Tuesdays and Thursdays from 5:30-8:30pm** we need a driver to take a group of volunteers to Greenvale Park for the Community School. The Community School centralizes resources to help students and families become more connected. Volunteers may assist with clubs, adult GED and ESL programs, meals, early childhood education programs, tutoring, and open gym sessions. Contact Hannah Buchl at buchlh if you’re able to drive one or both days.

**Alternatives to Violence Project**

Alternatives to Violence Project is an internationally recognized program run by Friends for a Non-Violent World. AVP non-violence training uses experiential activities and dialogue to engage participants in actively addressing the problems of violence in their own lives and in the world. Our local AVP group operates in the Faribault prison, where people from outside the prison join inmates as participants and as leaders. Carleton students can participate in full weekend workshops, one-day workshops, and weekly support groups.

Join us Friday, October 10th - Sunday, October 12th, Location TBA, for a weekend long “Basic” workshop. Before going to Faribault prison for a workshop, students must complete a “Basic” on campus.

Contact truaxp, friedt, or vanwienn for more info.
