Group Health Insurance - The College offers a plan provided by Blue Cross and Blue Shield of Minnesota. Participants select one of two different plan options; a change in options may be made no more than once every three months.

**AWARE Gold** - This option offers broad coverage for preventative and catastrophic coverage through a network of health care providers. You pay a part of the cost of some services such as office calls which require a $20 co-pay and pharmaceuticals which require a $10 co-pay for generic drugs and a $20 co-pay for brand name drugs. You may also receive coverage with non-network providers but can expect higher out-of-pocket costs and other restrictions.

**Comprehensive Major Medical** - This option covers eligible services at 80% after an annual deductible is met ($200 per person or $600 per family maximum). When you have paid $1,160 ($3,480 per family) out of your pocket, the coverage for eligible expenses is 100%.

The 2003 employee cost per month for AWARE Gold is $233.53 (family) and $90.76 (single). Comprehensive Major Medical is $225.03 for family coverage and $87.44 for single coverage. The cost associated with health coverage is not prorated for less than full-time employees. Participation in the group health insurance is optional. New employees may enroll the first of the month following date of hire.

Retirement Plan - Individual annuities are purchased by you and the College from TIAA-CREF. Participating staff members contribute 3% of their salary to the plan and the College contributes 12%.

All contributions are immediately vested. Contributions are required and are made on a tax-deferred basis. Accumulations compound on a tax-deferred basis. If you wish, you may contribute more than 3% to the Retirement Plan. You may also make tax-deferred contributions to a Supplemental Retirement Account (SRA) through TIAA-CREF or a 403(b)7 custodial account through any investment company that offers them. Like the Regular Retirement Plan, the accumulations compound on a tax-deferred basis. The College does not contribute to SRAs or 403(b)7 accounts but you benefit through tax-deferred savings. Since there are limits to the amount that individuals may defer, anyone interested in contributing to an SRA or 403(b)7 account should request that a maximum deferral calculation be done by TIAA-CREF in order to determine the maximum amount of deferral allowed. Participation in the Regular Retirement Plan is mandatory. Participation in the supplemental Retirement Account and 403(b)7 Custodial Account programs is optional.

Group Life Insurance - The College provides Group Term Life Insurance coverage to all eligible employees through the Reliance Standard Life Insurance Company. The amount provided is based on a combination of factors that include your age and annual base pay. You are covered by this plan when you become eligible for employee benefits at Carleton and are not required to contribute toward its cost. Coverage begins the first of the month following date of hire.

Group Dental Insurance - Eligible staff members are able to enroll in the College-sponsored voluntary group dental program. The College does not contribute to the plan but the group design allows you to purchase dental insurance at group premium rates. A variety of coverage and cost options are available and are based on the number of family members who enroll and the level of coverage desired. New employees may enroll the first of the month following date of hire.

Long Term Disability - If you become disabled, you receive benefits equal to approximately 60% of your current monthly salary and continued deposits to your retirement plan. Benefit payments begin after a three-month waiting period from the date of total disability. You become eligible to participate in the Long Term Disability Plan after one year of employment by the College. The one-year waiting period is waived if you participated for three consecutive months in a long term disability plan provided by your last previous employer. You and the College share in the cost of Long Term Disability Coverage. Your cost is equal to approximately one-half of 1% of your annual salary. Participation in this plan is optional.

Financial Planning Reimbursement - A reimbursement is available to defray the costs associated with long-term financial planning advice provided by a certified financial planner, accountant, attorney or other financial planning professional.

Eligible employees are regular employees who work half-time or more for six continuous years. After this time, $150.00 will be available. When the employee has reached age 50, an additional $150.00 is available for a total reimbursement of $300.00. For those employees 50 years or older with one year of service, the total of $300.00 is immediately available. Reimbursement amounts are considered taxable income, will be paid through payroll, and will be shown as "supplemental pay" on the employee's earnings statement.
**Flexible Spending Accounts** - Tax-sheltered Flexible Spending Accounts (FSAs) allow you to pay for certain expenses related to medical, dental, and dependent care costs with pre-tax salary dollars. To participate, you estimate what your annual minimum out-of-pocket costs will be and arrange to contribute that amount of your pay to build your account. Then, as you incur eligible expenses you file a request for reimbursement from your account. Reimbursements may not exceed your estimated expenses (account balance). You forfeit money remaining in your account if you cannot claim it for the calendar year. Therefore, you might want to predict your expenses conservatively. Participation in the Flexible Spending Account Program is voluntary and although the College does not contribute monetarily to these accounts, the tax-sheltering feature can result in significant savings for you. You may, of course, want to review the impact of participation in the Flexible Spending Account Program with your tax advisor.

**Employee Assistance Program** - All Carleton employees and their families have access to the Employee Assistance Program (EAP). The EAP is a confidential professional assessment and referral service. The College pays the cost of this service. The service provides assistance with, and is not limited to, problems such as drug and alcohol abuse, emotional stress, legal concerns or financial difficulties. You or anyone in your family can call anytime for professional help.

Toll-free : 1-888-371-1125

**Dependent Tuition Benefit** - Tuition benefits are available to exempt staff with six or more years of continuous employment. The benefit is prorated for those who work part-time. The benefit will not exceed four regular academic years per dependent and a maximum of 12 academic years per eligible exempt staff member's family.

At Carleton the benefit is one-half of Carleton's tuition. At fully accredited colleges and universities other than Carleton the benefit is either:
- 50% of tuition up to a maximum of 33% of Carleton's tuition or
- Payment of guarantee fee and loan interest on a loan equal to 70% of Carleton's tuition while the child is a full-time, undergraduate student. The subsidy would continue whenever eligible siblings are full-time, undergraduate students.

**Paid Vacation Days** – As an exempt employee, twenty (20) days per year of vacation time is allotted each year. Vacation time is pro-rated for those working less than full-time, less than twelve months, or a new hire with less than one year of employment.

**Paid Holidays** - New Year's Day, July 4th, Labor Day, Thanksgiving Day, Christmas Eve Day, Christmas Day, and a College designated floating holiday (usually the day after Thanksgiving) are observed. You are also entitled to three floating holidays. Holidays are prorated if you work part-time.

**Social Security and Medicare** - Social Security and Medicare benefits are designed to help provide financial stability during retirement or periods of permanent disability. The College is required to match your tax contributions to these programs. In 2002 your tax rates equals 6.2% (Social Security) and 1.45% (Medicare) and was matched in full by the College. The amount of tax paid by both the College and you equals more than 15% of your salary. Benefit levels are set by Congress and may not be directly related to the taxes you paid during your years of employment. Participation in the programs by you and the College is required.

**Credit Union** - Carleton Faculty and Staff may elect to participate in services offered by the Minnesota Central Credit Union (MCCU). The College does not contribute to the services provided by MCCU. Participants pay a small one-time fee to join MCCU. Please contact MCCU at (800) 249-9232 or (612) 644-1954 for membership details.

**Domestic Partners** - The College provides a domestic partner program for faculty and staff members who are part of committed, non-traditional relationships. Program details that include a description of benefits, program eligibility criteria, and application forms may be obtained from Human Resources.

*In the event of any differences between these summary statements and official information on benefit plans in the College's files, the latter will apply and govern in all cases.*

Additional information on all benefit programs is available from the College's Human Resources Office, (507) 646-5989. Updated 12/09/02
