Carleton College offers a comprehensive program of benefits designed to provide a variety of protections for you and your family. The College contributes significantly to the cost of most of these benefits, and you may be required to contribute a portion of your pay to some. Benefits mandated by law, Social Security and Medicare, require significant contributions by both you and the College. Following is an outline of benefits available to you and a brief description of the coverage offered by each. You can also find information regarding benefit levels in the union contract. Unless otherwise stated, benefits are effective the first of the month following your first month of employment. If your employment date occurs on the first working day of the month, your benefits become effective immediately. Open enrollment is offered on an annual basis.

The Central Pension Fund can be contacted in writing at 4115 Chesapeake Street Northwest, Washington D.C. 20016-4665 or by calling collect at 202-362-1000.

Retirement Savings Plan - The College will make available to its Union employees the TIAA-CREF tax deferred group supplemental annuity program or custodial account. The College does not contribute to GSRA accounts but you benefit through tax-deferred savings. Since there are limits to the amount that individuals may defer, anyone interested in contributing to a GSRA account should contact TIAA-CREF in order to determine the maximum amount of deferral allowed. Participation in the Group Supplemental Retirement Account Custodial Account program is optional.

Group Life Insurance - The College provides Group Term Life Insurance coverage to all eligible employees through The Hartford Insurance Company. Effective 7/1/2012 the amount provided is based on a combination of factors that include your age and annual base pay. You are covered by this plan when you become eligible for employee benefits at Carleton and are not required to contribute toward its cost.

Voluntary Group Term Life Insurance – This plan allows employees the opportunity to purchase additional life insurance to supplement the College provided life benefit through the Hartford Insurance Company. The cost is based on age and the benefit amount chosen. Participation is optional.

Long Term Disability - If you become disabled, you receive benefits equal to approximately 60% of your current monthly salary and continued deposits to your retirement plan. Benefit payments begin after a three-month waiting period from the date of total disability. You become eligible to participate in the Long Term Disability Plan the first of the month following your first month of employment. Your cost is 0.461% of your annual salary. Participation in this plan is optional.

Long-Term Care Insurance – The College will be offering benefit-eligible staff the opportunity to purchase long-term care insurance through Transamerica Insurance Company. This type of insurance can help protect your financial assets from the expense of long-term care which is designed to assist individuals who are unable to perform the basic activities of daily living. Employees have the opportunity to purchase customized coverage (with simplified underwriting). Coverage can also be purchased at discounted rates for other family members (i.e. spouse/partner, adult children, parents, siblings, and grandparents) following approval after a full underwriting process.

Flexible Spending Accounts - Tax-sheltered Flexible Spending Accounts (FSAs) allow you to pay for certain expenses related to medical, dental and dependent care costs with pre-tax salary dollars. To participate, you estimate what your annual minimum out-of-pocket costs will be and arrange to contribute that amount of your pay to build your account. Then, as you incur eligible expenses you file a request for reimbursement from your account. Claims processing and administration is outsourced with TASC. You forfeit money remaining in your account if you cannot claim expenses for the plan year. Participation in the Flexible Spending Account Program is voluntary and although the College does not contribute monetarily to these accounts, the tax-sheltering feature can result in significant savings for you. You may, of course, want to review the impact of participation in the Flexible Spending Account Program with your tax advisor.

Employee Assistance Program - All Carleton employees and their families have access to the Employee Assistance Program (EAP). The EAP is a confidential professional assessment and referral service. The College pays the cost of this service. The service provides assistance with, and is not limited to, problems such as drug and alcohol abuse, emotional stress, legal concerns or financial difficulties. You or anyone in your family or living in your home can call anytime for professional help.
