Job Details

Job Title:
Summer Financial Analyst Program- Commercial and Corporate Banking (Winter Recruiting Day)

Description:
The Summer Financial Analyst Program is designed to provide undergraduate students with an in-depth understanding of the day-to-day responsibilities of a full-time analyst. You will gain exposure to Wells Fargo's operations, business strategies, and corporate culture by working with experienced team members.

The program is approximately 10 weeks in length and is non-rotational. Offers are made for a specific Commercial and Corporate Banking business and location, based on candidate preference and business need.

We focus on your training and development so you'll be prepared to take your next career step once you graduate from college. Here's what you'll get:

- A one-week orientation in San Francisco where you will gain insight into Wells Fargo's corporate and credit culture, as well as opportunities for community involvement, networking and analytical training in line of business-specific concepts.
- A Buddy Program that will match you with a full-time analyst and a high-performing relationship manager who will be your resource, coach and confidant, available to answer your questions, help you through challenging situations, and give you feedback throughout the course of the summer.

- A speaker series featuring Wells Fargo's top leaders, where you can gain insight into how to make the most of your summer experience, and learn about current trends in the financial markets.

- Organized activities that promote community involvement and networking with other summer and full-time analysts across business lines.

PROGRAM QUALIFICATIONS

**Minimum qualifications**

- Strong analytical skills

- Excellent verbal, written, and interpersonal communication skills
