Welcome to tutoring in the Northfield Public Schools-IDS#659!

Bridgewater Elementary School is located on a 14-acre site on the south side of Northfield. It serves the neighborhood on Northfield’s southern side and the rural area south of Highway 19 and west of Highway 246. Bridgewater serves just over 500 students.

Greenvale Park Elementary School is located in an established neighborhood near St. Olaf College. Greenvale Park is a Title I funded K-5 elementary school with an enrollment of approximately 475 students.

Sibley Elementary School is a neighborhood school which serves the east side of Northfield. Sibley is a K-5 school that serves roughly 575 students.

All three Northfield elementary schools offer two philosophical approaches to classroom instruction. The Contemporary Program is rooted in tradition yet is always evolving through educational innovations. Students acquire skills in the core areas of literacy, math, science, social studies and health. A combination of whole group, flexible group, and individualized instruction are utilized to meet the instructional needs of each student at their instructional level. The Compañeros Spanish Immersion Program is a two-way dual immersion setting in which students in grades 1-5 learn to speak, read, write, and listen in both English and Spanish. Literacy instruction is split evenly between English and Spanish. Math is also taught in Spanish. Science, Social Studies, Health, Specials, Recess, and Lunch occur primarily in English.

Northfield Middle School, situated on an expansive campus just south of downtown Northfield, has a longstanding tradition of academic excellence. NMS is a grade 6-8 school with an enrollment of 925 students.

Students enrolled in the Compañeros Spanish Immersion Program at one of our three area elementary schools (Bridgewater, Greenvale Park and Sibley) have the opportunity to continue their bilingual classroom experiences in the middle school’s Amistades program. This program provides daily Spanish instruction.

Arcadia Charter School is located at 1719 Cannon Road and provides public education to grade 6-12 students. It is a project based school with individual student learning plans. The school maintains a collaborative relationship with Northfield Public Schools.
