Preference will be given to students with strong demonstrated interest in science/math. Instructor/adviser evaluations will also play a significant role in the selection process. Students will be notified by November 1, 2005 if they are selected to be 2005 Carleton Science Scholars.

If you have questions about the application process, contact:
Associate Dean Elizabeth Ciner
eciner@acs.carleton.edu
x4300

If you have questions about the workshop, please contact the instructors:
Professor Daniela Kohen
dkohen@carleton.edu
x7165

Professor Bereket Haileab
bhaileab@carleton.edu
x5746

This program is funded by the Howard Hughes Medical Institute Grant to Carleton College.
Be part of a new winter break program for students interested in developing the skills and strategies necessary to be successful in Carleton science classes!

Workshop Dates
Tuesday, November 29 through Friday, December 9, 2005

Is this program right for you? YES! if you have . . .

- an interest in taking science/math courses, based on high school and/or college course choices or career aspirations (e.g. careers in health-related professions).
- motivation to succeed in science/math courses; you do not need to plan to major in the sciences/math to participate in this program!
- a high school background that provided you with limited science/math opportunities.

Program Highlights
led by scientists, Bereket Haileab and Daniela Kohen

- Two weeks of morning problem-solving sessions will focus on skills necessary to all introductory science/math courses at Carleton.
- Opportunities to learn about the research program of various science/math faculty.
- Opportunities to interact with faculty from all of the science/math departments, both formally and informally, both inside and outside the science/math classrooms and labs.
- An assistantship with a science/math instructor, working on a variety of projects. Participants will receive a stipend of $1,000 for this work.
- Travel reimbursement of up to $350 to return to campus following the Thanksgiving holiday and to go home again following the completion of the program.
- Accommodations and meals on campus for the duration of the program.

Information Meeting
8:00 PM
Tuesday, October 11, 2005
Language and Dining Center 104

How to apply

If you are interested in applying to this program, pick up an application form in the Dean of the College office, Laird 131, (or go to http://apps.carleton.edu/collab/cssw) and do the following:

- Discuss your interest with a current or former science/math instructor or with your academic adviser.
- Definitely come to the information meeting on Tuesday, October 11, 8:00 PM, in Language and Dining Center 104.
- Ask your adviser or instructor to send an evaluation form, available on the Web at: http://apps.carleton.edu/collab/cssw or send a hard copy to Associate Dean Elizabeth Ciner, by October 24th.
- Submit 5 copies of the application form to Dean Ciner by October 24th. Your application will include answers to questions which address:
  ≈ your motivation for the study of science/math, including career goals (if known);
  ≈ some self-assessment about what you believe your strengths are in science/math; and
  ≈ some reflection on how you are experiencing the difference between high school and college course work.

Deadline
5:00 PM, Tuesday, October 24, 2005
Dean of the College Office, Laird 131
