

2018 Research Experiences for Undergraduates *Experimental and Computational Materials Research* May 20, 2018 - July 27, 2018

Support: \$5,000 Stipend (10-week appointment)
PLUS additional support for travel and lodging

****Dorm check-in:** Sunday, May 20, 2018

**Program Made Possible by a Grant from
the Division of Materials Research**

Research Opportunities In

Electronic Materials
Nanomaterials
Lasers & Optical Materials
Biosensors
Biophysics & Biomaterials
Materials Under Pressure
Computer Modeling
Biomedical Research
& More

The REU Program is Hosted by
The Center for Nanoscale Materials
& Biointegration
