Scientific Careers Panel Discussion

Want to know what to do with your college degree? Come join Aerotek for the 8th annual career panel comprised of alumni and local scientific hiring managers. Don’t miss this chance to learn about the professional opportunities waiting for you in the scientific industry.

February 22, 2011
10:30 am & 11:30 am
at the MN Private College Job Fair

(All students attending this job fair are invited to attend. Pre-registration is required. Visit your campus career services office for additional details and to register for the fair.)

Minneapolis Convention Center
Rooms L100A&B
(across from the exhibit hall)

10:30 am panel:
Clinical Research/Healthcare

11:30 am panel:
Laboratory/R&D/Food Science/Consumer Products/Medical Device

Each panel will be comprised of 4-5 scientists from local biomedical/medical device, pharmaceutical science or biotech organizations. Panelists will present information on their organization, what they do, their career path, etc. to students interested in the industry.

Organizations represented at previous job fair panels include:
3M, Aerotek Scientific, Beckman Coulter, Boston Scientific, Ecolab, General Mills, Medtox and Medtronic

If you are interested in a career in the scientific industry, but can’t attend this event, please email Aerotek your resume to be considered for potential scientific employment at mggetter@aerotek.com.
