Summer 2012 NSF-REU Undergraduate Research Program

Students looking for an exciting interdisciplinary research experience are invited to apply for the summer 2012 NSF-REU program at the University of North Texas. The ten-week program will begin June 4, and participants will be given a $5,000 stipend, plus housing. Funds are available to help defray travel costs to and from the REU site, which is located at the northern outskirts of the Dallas-Ft. Worth area.

Possible Research Areas Include:

Application forms and additional information on this program are available by visiting http://www.chem.unt.edu/nsf-reu/

Applications for the program are due by March 1, 2012 and should be sent to:

Shawn Adams
Chemistry NSF-REU Coordinator
Department of Chemistry
University of North Texas
1155 University Circle # 305070
Denton, TX 76203
