LIKE SCIENCE? INTERESTED IN RESEARCH?

The goal of the Summer Science Fellowship is to broaden participation of historically underrepresented groups (including gender, ethnicity, socioeconomic background, and disabilities) in the sciences/math. Carleton Summer Science Fellows will have the opportunity to work in a research lab either at Carleton or at another institution for two summers with a summer stipend of $4600. Summer Science Fellows will be expected to enroll in the 1 credit Science Fellows Research Colloquium in the Spring before and the Fall following their research experience.

TWO SUMMERS WITH A STIPEND OF $4600 EACH YEAR
