THE NORTHFIELD PUBLIC LIBRARY HISTORY HULLABALOO

This event was a great opportunity for Carleton and St. Olaf faculty and students to help sixth graders from Northfield Middle School work on their History Day projects, providing them with research and thesis statement help. If you weren’t able to make it on January 12th, don’t worry there are more opportunities to help out!

If you are interested in helping out, the middle school teachers are looking for volunteers to help judge the history day projects on Friday, February 15. There are times in the morning, afternoon, and after school. If you are interested, please contact Krista Betcher
Krista.betcher@nfld.k12.mn.us

We would like to have extra volunteers at the library several evenings before the projects are due on Feb. 11. Volunteers should bring a laptop for this event.
We are looking for volunteers for the following times:
Tuesday, Jan. 22, 6 – 8 p.m.
Monday, Jan. 28, 6- 8 p.m.
Tuesday, Feb. 5, 6 – 8 p.m.
If you are available any of those times, and would like to come to the library and help, please contact Joan Ennis, Joan.ennis@ci.northfield.mn.us, about which days you would be able to make it.

SENIOR SPOTLIGHT: TONY STOERI

What was your dream job when you were little?
Believe it or not, from when I was about three or four on, I told everyone I wanted to be a military historian.

What is your comps topic?
National identity in Napoleonic soldiers. I really like exploring the way that the abstract idea of a national identity interacts with the very immediate, concrete experience of warfare. I also like examining how something like war - we tend to sort of accept as a sad reality of life - is actually culturally constructed, and can have very different meanings depending on the context in which it is perpetrated.

What are your plans for next year?
The Theater and Dance Department is hoping to hire me for a fifth year position, working full time in the theater as the assistant lighting designer / master electrician. Hopefully they will get approval for that. Longer term, I want to get an MFA in lighting design.
