The swim team will be swimming a non-stop relay, swimming their hardest and keeping the whole team together on the same lap for one hour. It's an exciting event, one that raises thousands of dollars for cancer research every year while honoring a wonderful swimmer, friend, Carl, history major, and person, Ted Mullin, who passed away in 2006 from synovial sarcoma.

Cancer Sucks t-shirts will be for sale this Friday and next Friday in Sayles, but you can always contact gazelm@carleton.edu

The Carleton Swim Team and Carls Against Cancer have a huge fundraising goals for this year and any help would be appreciated. Even a dollar or two can make a huge difference. If you would like to contribute, contact Mark Olson or Nikki in the History Department.

as Ted always said, CANCER SUCKS!
Halloween is a mix of ancient Celtic practices, Catholic and Roman religious rituals and European folk traditions that blended together over time to create the holiday we know today.

**Jack o’ Lanterns** originated in Ireland where people placed candles in hollowed-out turnips to keep away spirits and ghosts on the Samhain holiday.

**Tootsie Rolls** were the first wrapped penny candy in America.

Halloween candy sales average about 2 billion dollars annually in the United States.

**Bobbing for apples** is thought to have originated from the Roman harvest festival that honors Pamona, the goddess of fruit trees.

Cornell’s website trumpets his work as: “award-winning [which] challenges conventional views of the ‘Central Asia problem’ and uncovers the impact of Soviet rule on the religious and social life of Muslims.”
