A Resolution Concerning the Inclusion of the Senior Week A Cappella Concert

Whereas, The CSA Senate is concerned that recent changes to the schedule of Senior Week have eliminated the time-honored tradition of an a cappella performance showcasing the six student singing groups on campus.

Whereas, Due to poor communication and lack of advance notice, many families and students have already planned travel and their schedules around such an event.

Whereas, For many families this is the only opportunity for them to see their student perform in concert.

Whereas, A capella groups serve an integral role in the Carleton community, singing not only for the student body, but also at charity benefits, admissions events, hall dinners, and alumni celebrations and fundraisers throughout the year.

Whereas, The senior week performance celebrates the culmination of the hard work and dedication of a capella group seniors to not only their singing groups but also the greater Carleton community.

Whereas, Underclass students are vital for the performance of the participating seniors.

Whereas, These underclass students are not seeking any form of financial support for their stay during senior week and have made their own arrangements for room and board.

Whereas, The event itself would require no additional funding, equipment rental, or technical support from the college.

Whereas, The a capella groups are more than willing to be flexible and to cooperate with those involved in planning the schedule of Senior Week; now, therefore be it

Resolved, The CSA Senate requests that the Dean of Students Office, along with the Student Activities Office work with the Carleton student a cappella groups to find an appropriate time and venue for the Senior Week a capella performance.

Passed unanimously by CSA Senate, 5/1/12

Michael McClellan, President
