Career Center Resolution Concerning Permanent Funding to the Career Center of Carleton College

Whereas the Career Center has been launching various programs that have been successful in connecting current students to alumni and vocational opportunities, including Scholars Program, Mentor Externship, Chapters, and all the names of the programs “on the rack”; and

Whereas the number of students is increasing every year with the potential for greater involvement of the Career Center in reaching out to alumni and hosting programs that can benefit the increasing student body, and the fact that career exploration is also an important part of the liberal arts experience,

Whereas the Career Center has received temporary and conditional funding to attempt these new programs which have proven successful and effective,

Whereas the Career Center can see potential growth since they have the creativity and insight in the needs for future programs; now, therefore be it

Resolved, the Carleton Student Association Senate requests that the College see the Career Center as a priority for the endowment uses and fundraising endeavors.

Resolved, the Carleton Student Association Senate requests that the College provide permanent and substantial funding to the Career Center for programs and administrative costs.
