Students Showcase Summer Work

In October, students celebrate their summer engagements at campus events. At the Internship Fair, our Career Center team works with every Carl throughout their time on campus (and beyond) to create meaningful connections between students, employers and professionals. Handshakes are shared between students and alumni as they explore career paths and opportunities with businesses and organizations who participate in a variety of career exploration opportunities through tailored internships and career fairs. Carls, from career coaches and professional development opportunities, can look forward to a variety of career exploration opportunities through 25-minute informational interviews, professional development opportunities, and skills-based assessments to inform their career paths and professional development. Students (along with intern experience) the importance of networking, and job applications. United States. Students can benefit from the opportunity to connect with other students during the academic year. Visit the Carleton College Student Activities Office, 1 North College Street, Northfield, MN 55057.
