SHAC is making some changes!

New Counseling Appointment Options

WAYS WE’RE WORKING TO IMPROVE ACCESS FOR ALL

1.) ONLINE SCHEDULING FOR MANY COUNSELORS

Online appointments can be scheduled for initial consultation as well as follow up appointments. Not all available appointments will show online, so call or stop-in if you can’t find a time for this week.

2.) SAME-DAY APPOINTMENTS

Same-day appointment reservations will assure that some appointments are available each day, particularly those who need to be seen urgently.

3.) VARIETY IN APPOINTMENT DURATION

Both 25-minute and 50-minute follow up appointments are available, likely with more 25-minute appointments as the term progresses.

4.) SCHEDULING FOR CURRENT WEEK IS PRIORITIZED

Online appointments show for current week only. Online appointments for following week will appear on Fridays. Minimal advanced scheduling into the following week. Practicum and part-time counselors may be exceptions to online scheduling.

5.) FLEXIBILITY TO MAKE ONGOING CHANGES

Please be patient with us! We are trying out many new options and we need some time to determine what works best and what things need more tweaking.
